

CONCRETE BATCHER & TRUCK DRIVER

Gulkula Concrete is seeking an experienced Concrete Batcher and Truck Driver to join the team. The focus of this role will be the batching and dispatching of concrete in accordance with quality & work health safety standards. This role is residential based in Nhulunbuy, Northern Territory. Housing and relocation costs are provided.

Your key responsibilities will include but are not limited to:

- Batching of orders to specified mix designs using UENS and docket dispatch systems,
- Delivering concrete to client sites along with managing slump tolerance levels and discharge of concrete
- Complete basic documentation associated with the collection and delivery of the concrete.
- Ensure safety standards are maintained including daily pre-start checks on the vehicles.
- General yard and plant housekeeping and maintenance, along with the safe operation of a front-end loader.

What are we looking for?

- Relevant batching and/or concrete industry experience
- A strong commitment to safety and the environment along with a superior customer focus
- A sense of urgency whilst maintaining a focus of OH&S
- Demonstrated leadership experience.
- A current HR driver's license
- Excellent communication skills
- Developed computer/IT literacy.
- A willingness to work with and train indigenous colleagues.
